Stephenson MI 49887
Additional Information:**

Cart Lease includes unlimited usage for one cart at a time to the designated member or dependent on the lease. Only the lessee is able to receive a key for the cart. Cart Lease Dependents must be included in the Family Membership. Dependents can only receive a cart when the primary lessee is not present.

Starring 2026 Season - Any passenger not part of the cart lease membership will be charged a rider fee. This does not include passengers who are part of a family/couple membership with the primary lessee driving. If two separate lessee's are playing together they will be asked to ride together instead of taking two carts. Unless they wish to pay the cart rental fee to ride separately.

Family Memberships must now pay \$10 per child they wish to sign up with their membership and write their names on top of the form. The charge is simply so we have a better record of who is actually a member. To be eligible as a child they need to be under the age of 21 and still living at home. Under the age of 11 is free and is not required to sign up.

Please mail in your membership forms with a check for the appropriate amount, or visit the clubhouse to pay with cash or card. Please call before coming during the winter months.
